

# Ceaselez is pleased to announce the launch of their Enterprise Integrated Solution for Asset Reconstruction Companies (ARCs)

# Background

- Last 3 decades Indian Banks & Financial institutions saddened with increased level stressed assets
- Gross Non-Performing Assets (NPAs) ratios have increased significantly
- To stem the tide of NPAs regulatory authorities like RBI has taken several measures

Joint Lender's Forum –  
Multiple lenders, Collective  
resolution mechanism;  
Dismal recoveries due to  
disagreements between  
lenders

# ARC

- ARCs (Asset Reconstruction Companies) created under the ambit of Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest (SARFAESI) Act
- Set up as private entities mostly with support of banks.
- As of Jan 2019, there are 26 operating ARCs

# Major Challenges for ARCs

Managing the stakeholder Eco-System – Banks, ARCs, Regulatory Authorities, Valuation Agents, Resolution Agents, Legal and Statutory Consultants, Borrowers, Security Agencies

Complex workflow in the ARC Resolution Process  
Pre-Acquisition to Acquisition to Resolution

The Finance and Accounting process for ARCs are Complex, Cumbersome, existing standard F&A products are not suitable. Example – Shadow Accounting, Appropriations

Document and Risk Management
