Ceaselez Tech Solutions Pvt Ltd unveils the proposal for building an enterprise IT portal for Insolvency Professionals (IP's)

Multiple Stakeholders

Resolution process life cycle, milestones, dependencies and timelines

Storage and retrieval of Multiple Documents and forms

A BIG CHALLENGE!!

Real time escalations for exceptions and deviations

IP

Collaboration and Communication

Statutory & Non-statutory meetings, Approvals, Actions, audit trial & document repository.

Adherence to Sections and Regulations

Financial Management – Inflow and outflow

Automated seamless communication

Ceaselez has come forward to help IP & IRP's to build an Enterprise IT portal with the help of Regulatory Authorities
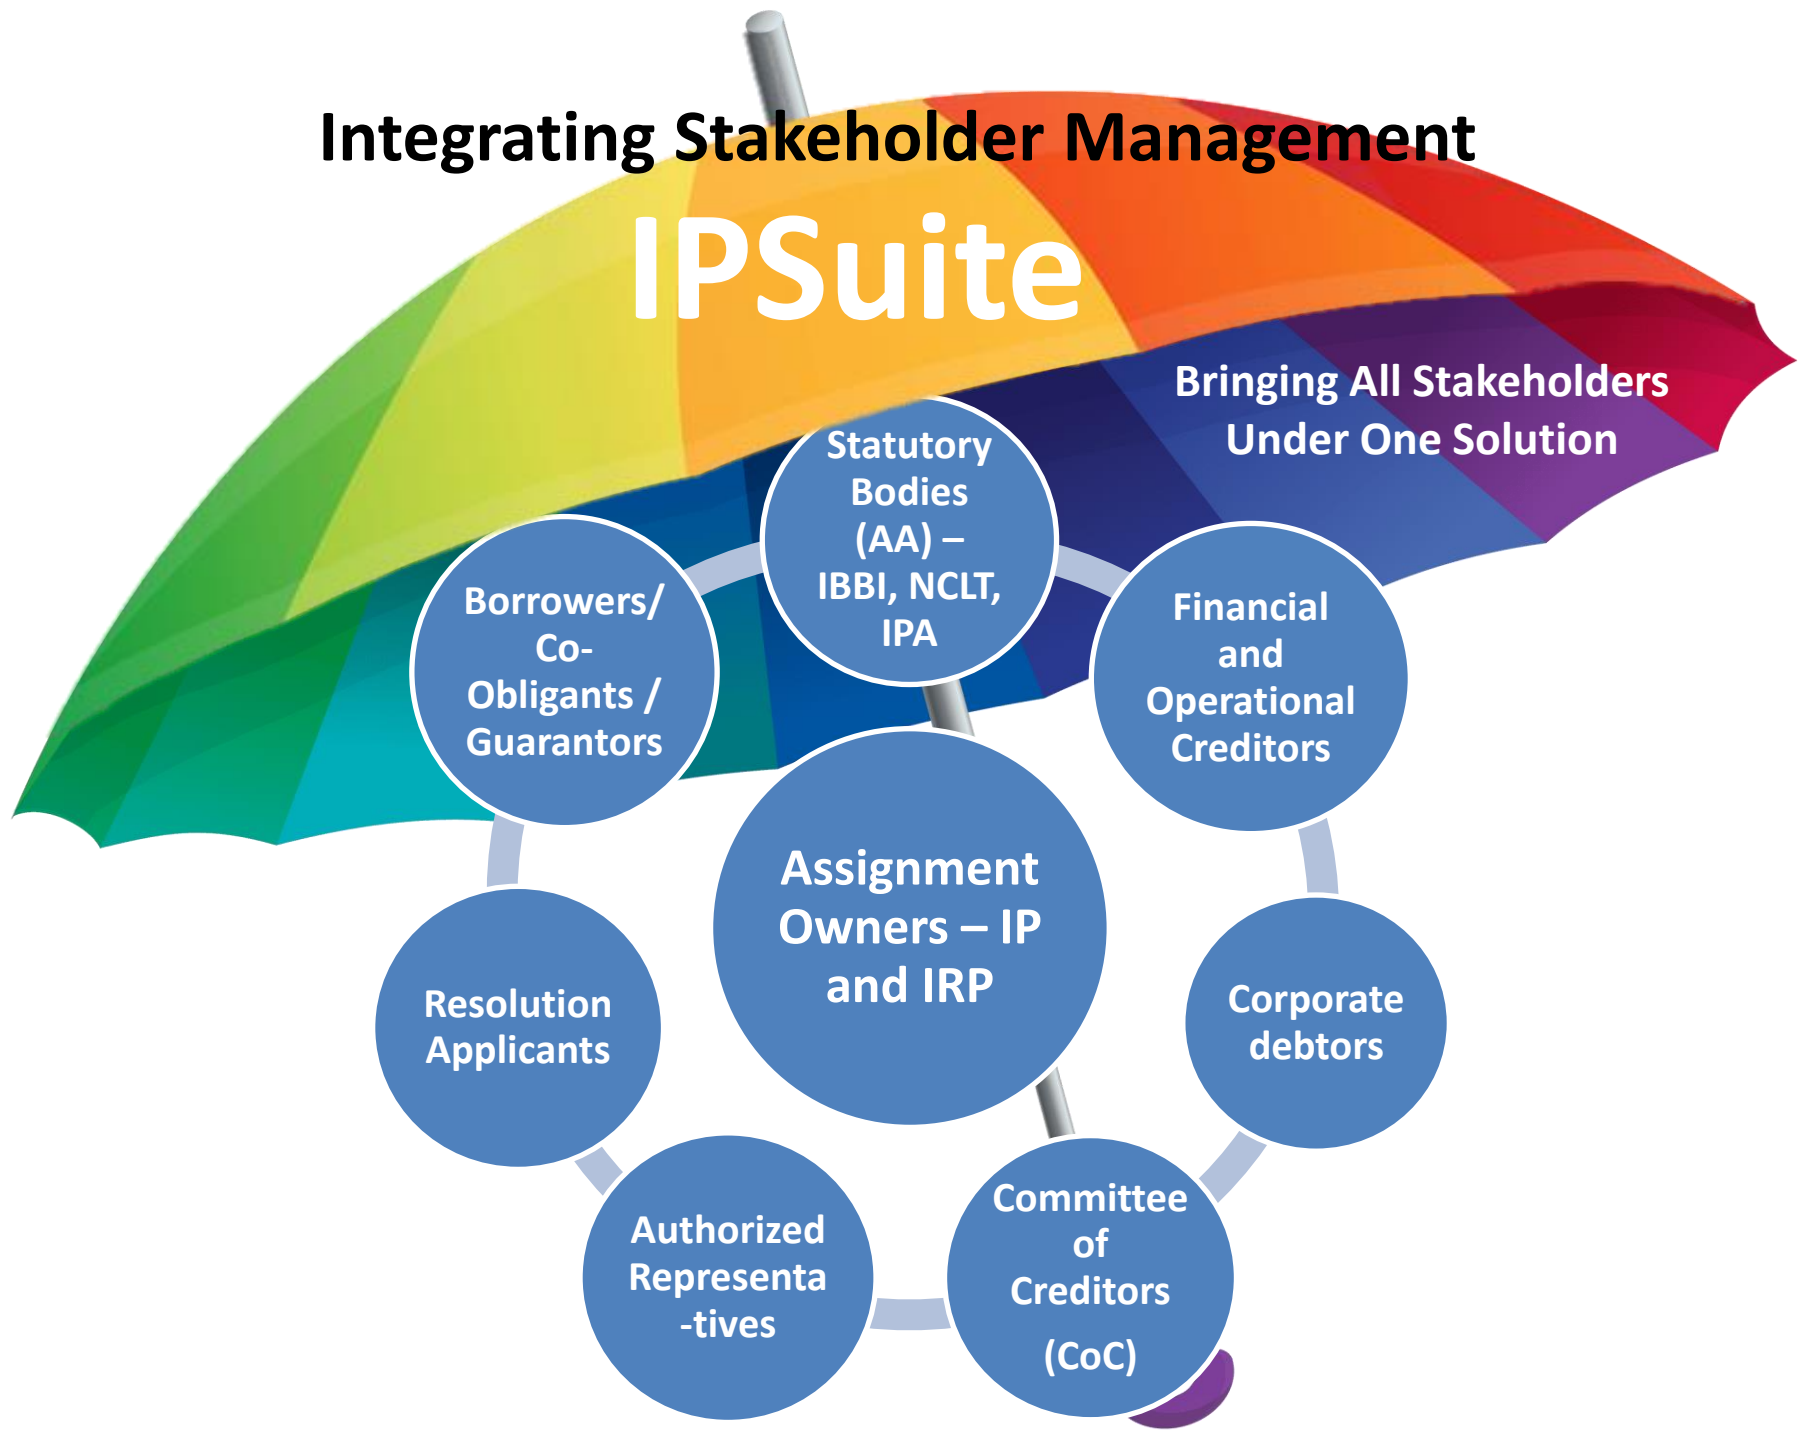

Introducing …

IPSuite

A one stop, shop solution for IPs
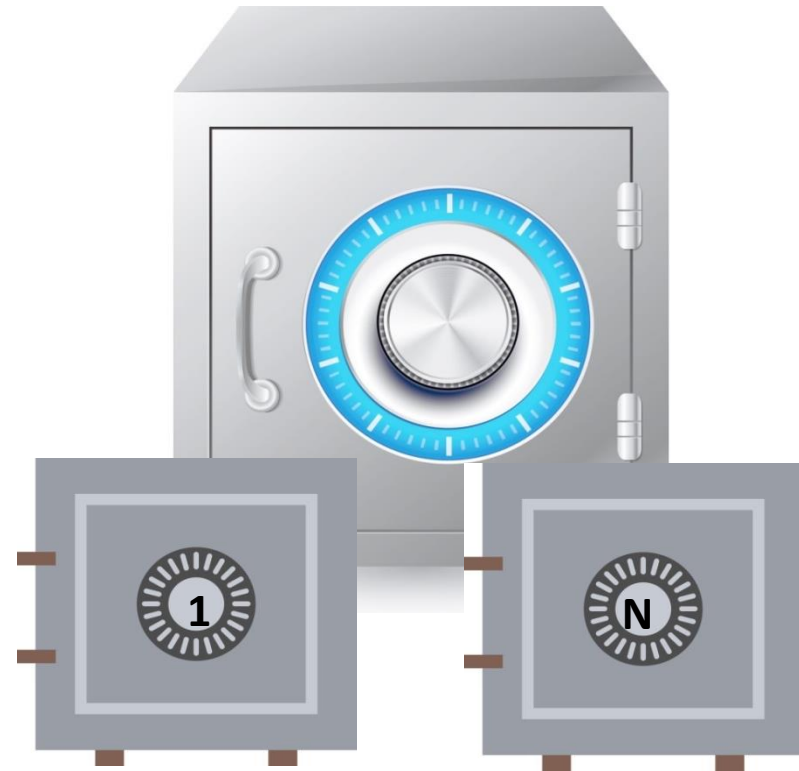

Integrating Stakeholder Management

IPSuite

Bringing All Stakeholders Under One Solution

- Statutory Bodies (AA) – IBBI, NCLT, IPA
- Borrowers/ Co-Obligants / Guarantors
- Financial and Operational Creditors
- Assignment Owners – IP and IRP
- Resolution Applicants
- Corporate debtors
- Authorized Representa-tives
- Committee of Creditors (CoC)

Virtual Data Room

- **Creation of a virtual data room (VDR) for storage (both static and dynamic) and retrieval with click of a button.**

- **Privilege based access**

- **Centralized document repository**

- **Data Security - Encryption, highly secured (SHA1, MD5, Hashing , password salting, OTP by phone & email authorization)**

Communication and Collaboration

Virtual Email Engine – Triggering of automated emails, alerts, push notifications for all stakeholders

Enterprise Meeting Management
